

Click by Click *A.I. Site Creation* *Checklist*

💡 Welcome to our **Site Generation Checklist**, your comprehensive guide to creating a website *click by click*.

Follow along as we break down each essential task into clear steps, ensuring that you don't miss a single click in the exciting journey of bringing your website to life with the help of A.I.

From registering and selecting a domain to generating content and collecting leads this checklist is your roadmap to success in the dynamic world of site creation.

Lets go! 🏃

Choose a Registrar and Domain:

☐ **Use the location and niche in domain name:**

☐ **Brainstorm domains:**

Use a tool: <https://www.godaddy.com/domains/domain-name-generator>

☐ **Check availability**

☐ **Registrars:**

Godaddy.com

Name.com

Select Hosting:

☐ Select hosting per your preference:

Bluehost.com

GoDaddy.com

HostPapa.com

NOTE:

Don't get "wordpress hosting." Get "Shared Hosting with CPANEL"

Setup Telephone Provider:

☐ Use Twilio

<https://www.twilio.com/en-us/solutions/startups-resources>

☐ Use Google Voice

<https://support.google.com/voice/answer/115061>

Setup Website:

☐ Set NameServers to host

☐ Use Install Scripts on Host To Install WordPress

☐ Install Help:

<https://www.softaculous.com/docs/enduser/install-wordpress-using-softaculous/>

☐ Use Article-type theme

☐ Find Images:

www.pixabay.com

- ☐ Install contact form plugin
- ☐ Install security plugin
- ☐ Install Booking Plugin

Generate Content:

- ☐ **Note:** Select niche and location before this step
- ☐ Ask ChatGPT to give you keywords based on niche/location
- ☐ **OPTIONAL:** Ask ChatGPT4* to analyze keywords on competitor sites
- ☐ Confirm GPT keywords are viable via Keyword tool
- ☐ Ask GPT to give you article ideas based on keyword list

Collect Leads:

- ☐ Add telephone number to site header
- ☐ Add opt-in form to articles (1/3 way down and at bottom)
- ☐ Leads should be added to a site-specific list
- ☐ Telephone calls:

This should be tracked and forwarded to client telephone number

- ☐ Leads can be collected and used as leverage/bait for clients

⚠Special Note

AI-Powered Website analysis requires a ChatGPT4 subscription
