Click Magnet ChatGPT Prompts:

Making new click magnets is easy. Just use the prompt below:

I am working on a project to create simple social media ads to generate clicks for an affiliate product. Visit the following page (address to sales letter) and recommend headlines, topics, and central concepts that I can use to post on social media to promote the product I provided in the link. Don't be clever or sound like a used-car salesman. Write in a professional tone but use natural language. Most of what I need will be short statements that express benefits and invoke curiosity.

NOTE: Some websites do not let ChatGPT read the page.

In that case, copy the bullet list from the sales letter, and tell ChatGPT to give you summary headlines with the following prompt:
